Juliete Catherine Calaça

*Our beloved and precious daughter Juliete, was called to be with our Lord on 8th April 2001. It has been **eight** long years since we were together and there are days when we remember how you courageously faced your illness, living an intensely active and involved life - it was almost as if you were trying to live a lifetime in your 27 years. We treasure the special memories we have of you as a little girl on the farm, planting seedlings and teaching the people to sing the hymns you loved, playing tennis and marching as a sub-leader in the St. Dominic's Squad, becoming a teacher, travelling and working in different parts of the world, riding in the Argus, even though your health was failing you. You achieved so much in your short but fulfilled life and left us with many wonderful memories that continue to inspire us. There are many days when we long for you and we reach out and whisper to you, to take us where we can dream of you and see your face, to laugh with you, hear your voice and hold you close forever. Although the years have passed, you are daily in our thoughts and we hear your voice of wisdom guiding and encouraging us to face the harsh reality of life. You always tried to assure us by saying that you were fine when in actual fact you were living with pain. You had the courage to gaze into the distance and wonder what the world was made of; you ventured out and had the courage to risk the hurt and possible pain of living, loving and dying with no assurance of safety. You lived life with the promise that there is fullness in living. You took the challenge and lived life to the full. You will live forever in our minds and hearts.*

Rest in Peace, darling Julie!

All our love - Mom and Dad
